Pharos Cloud makes secure remote management of your Pharos projects easy. Pharos controllers connect to the Internet securely using industry-standard encryption. With no additional skills or costly hardware required, it's an efficient and cost-effective solution. All you have to do is sign up to the award-winning Pharos Cloud service for simple, secure remote lighting control from any Internet-connected device, at anytime, anywhere in the world.

## SITES

Pharos can provide you with one or more Sites on [cloud.pharoscontrols.com](https://cloud.pharoscontrols.com). In a Site you can upload new firmware or projects to your devices and see detailed, real-time device status information. Invite your customers to a specific Site, grant them relevant permissions and present them with an easy-to-use Control Panel and Schedule. For pricing of Sites, please see our 'Cloud Sites' price list.

## PORTALS

Take Cloud to the next level with your own Portal, where you can manage your Sites on your own terms. A Portal provides you with a range of **additional benefits**, including the ability to set up and deploy **Multi-sites**, a convenient way to give Site owners the control they need while allowing central administration departments overall control of all Sites with a **unified Schedule or Control Panel**. Portals also allow you to add your own **domain name and branding** (see below), add further Sites, set up users and their permissions for multiple Sites at once, and manage **enhanced notifications**. Please visit [pharoscontrols.com/cloud](https://pharoscontrols.com/cloud) for more information.

## YOUR PORTAL DOMAIN NAME

- Your Portal's default domain will be `[companyname].sixeye.live`
- Alternatively, you can change your Portal's domain free of charge to `[companyname].pharoscloud.live`
- For a fee, your own domain can be linked to your Portal: `cloud.[yourcompanydomain]`

## BRANDING

- Your Portal can be themed with Pharos branding, SixEye branding or 'neutral branding'
- For a fee, your Portal can be customised with your own logs and theme colours to provide your customers with an on-brand user experience

CODE	DESCRIPTION	LIST PRICE
Portal Plan Lifetime	Portal inc. maintenance and updates, one time lifetime charge	€3,595
Portal Branding	Apply customer branding on Portal	€1,195
Domain Link	Link customer domain to a Portal	€795
<a href="#">Site Plans required for all active Sites</a>		

## MOVING EXISTING SITES

Existing Site(s) on [cloud.pharoscontrols.com](https://cloud.pharoscontrols.com) can be moved to your own Portal, with any subscriptions remaining unchanged.

## CONTACT US

---

Please contact your Pharos Regional Sales Manager or email [sales@pharoscontrols.com](mailto:sales@pharoscontrols.com) for any questions or to get a project-specific quote. If you need support with a Site or your current Site Plan, please email [cloud@pharoscontrols.com](mailto:cloud@pharoscontrols.com)

## INFORMATION

---

Prices are exclusive of required taxes and VAT. All specifications and prices subject to change. All purchases are subject to our terms and conditions. Product specifications and datasheets are available at [pharoscontrols.com](https://pharoscontrols.com)
